RE: BC PACIFIC GEODUCKS LTD.

The Government of British Columbia has no objections to your use of the initials "B.C." or the words "British Columbia" in your name application, subject to the approval of the Registrar of Companies.

I draw your attention to Section 2 of the Provincial Symbols and Honours Act, as outlined below. This response should not be considered an endorsement of your organization by the Government of British Columbia.

"Representation of government authority:

- (1) No person or organization shall assume, display or use a name, title or device that indicates or that is reasonably susceptible of the interpretation that the person or organization has authority from the government to do so or is exercising a function of the government, if in fact the person or organization has no authority from or is not exercising a function of the government.*
- (2) the registration, under an enactment, of a name of the nature described in subsection (1) is not a defence to a prosecution under this section."*
